

Approves of National Government

One of Last Acts of Convention Western Liberals at Winnipeg

"Demonstrates That Not Office But Service To Canada Is The Goal Of This Convention," Declared Hon. T. H. Johnson, Winnipeg—Message Received From Sir Wilfrid Laurier—"Result Is Very Cheering," He Says In Telegram To Hon. Frank Oliver—Convention Also Approved Of The Principle Of Government Ownership Of Railways, Telegraphs And Express Systems.

(By Morning Bulletin Leased Wire)
WINNIPEG, Aug. 9.—The Liberal convention of British Columbia, Alberta, Saskatchewan and Manitoba, which has been in session here since Monday evening, was brought to a conclusion at six o'clock this afternoon when a resolution was carried consolidating as the platform of the Liberal party of Western Canada, the resolutions on policy which had been adopted.

The work of the afternoon session was important, and resolutions were carried approving of the formation of a national government after the general election; approving of the principle of government ownership of railways, telegraphs and express systems; and suggesting that newspapers and other publications be required to publish at intervals the names of all those financially interested in them and of their responsible editors.

Message From Laurier.
Just before adjournment, Hon. Frank Oliver read the following telegram which he had received from Sir Wilfrid Laurier and which referred to the proceedings in the convention on Wednesday:

"Resolutions as reported in morning papers are quite satisfactory. Result is very cheering."

The delegates thereupon cheered Sir Wilfrid very heartily, and followed with cheers for the chairman and Mr. Oliver, sang the National Anthem and dispersed. Most of them are leaving for their homes tonight.

The convention approved of the principle of public ownership as applied to railways, telegraphs and express systems, and expressed its belief, "That this principle should be applied to all such Canadian systems as soon as the financial and economic conditions of the country permit."

NATIONAL GOVERNMENT
The resolution on national government stated that the convention expressed the hope and declared the desire of its members, "That in the impending election the resolution of the convention should be kept on a plane free from all appeals to passion and prejudice in matters of race and creed; and further, that whichever party is returned to power the business of the government should be carried on by a truly national government composed of representatives drawn from the different elements and industries of Canada."

T. A. Crerar and Mrs. Charles Robinson, of Winnipeg, moved and seconded the adoption of the resolution. Hon. T. H. Johnson, Winnipeg, declared that the resolution, "Demonstrates that not office but service to Canada is the goal of this convention." Will Gibbon, Winnipeg, moved an amendment suggesting that the political parties unite wherever possible in the selection of a candidate, and that the degree of coalition before the election.

Hon. T. C. Norris supported the resolution, and defined a national government as one composed of men selected from all shades of politics without regard to religion, place or race in life.

Hon. T. C. Norris, of Flinch Creek, Alta., thought the Liberals should treat with the government of the day as to a coalition. "The hand has been held out to us," he said, "and we must take it. We must adopt the view that all Conservative governments were bad and all Liberal governments good."

The delegates were becoming impatient, and it was moved that the question be put. It was objected that this was a closed and a debate proceeded.

Borden Must Give Way
Hon. J. A. Borden, said that the great difficulty in the way of a national government was Sir Robert Borden. "If Sir Robert Borden understood the situation in Canada and the minds of the people of Canada," said Mr. Calder, "he would have recognized long ago that he must make way. A national government is absolutely impossible in Canada under present conditions. There is no use in theorizing. The general election, so far as now, is going to be held under the leadership of Borden and Laurier." Mr. Calder predicted that "A solid west" would come from the convention.

The following resolution was put to the vote. The amendment was withdrawn and the original motion was carried unanimously.

"That all newspapers, magazines, trade journals and other periodicals publishing articles designed to influence public opinion shall be compelled from time to time to publish sworn statements setting forth the names of the owners, managers, editors, stockholders, bond holders and of any other persons having an interest in such newspaper, magazine, trade journal or other periodical."

Soldiers' Pensions.
The following is the text of the resolution moved by Mrs. J. Kingham, of Victoria, B. C., seconded by Mrs. Robinson, Winnipeg, and passed by the convention dealing with soldiers' pensions and allowances:

"Our soldiers who have so freely offered themselves as a sacrifice on the altar of freedom have been met with the fighting quality of our race and have upheld the glorious traditions that have been handed down to us. To the increase of those who have shed their precious blood on foreign battlefields, we offer the tribute of our grateful sympathy. They and those who have survived have given a new meaning to valor and have covered the name of Canada with unyielding glory. We are under a debt to them that we can never pay. But in partial compensation for the sacrifices."

"1. We advocate pensions to widows which will enable them to live in comfort and educate their children.

"2. The increase of the pay of our soldiers so that they will be to some extent on an equality with those who have remained at home.

"3. The increase of the repatriation allowance in lieu of patriotic fund and to eliminate all contributions that have the semblance of charity.

"4. The recognition of the demer-

RESTRICTS USE OF BACON, BEEF, WHITE BREAD

Order Just Issued Applies To Public Eating Places.

PROHIBITS WHEAT IN ALCOHOL MAKING

Serving Beef And Bacon Barred Tuesdays And Fridays.

(By Morning Bulletin Leased Wire)
OTTAWA, Aug. 9.—Regulations for restricting the use of beef, bacon and white bread in public eating places and for prohibiting the use of wheat in the distillation or manufacture of alcohol, have been promulgated by order in council at the instance of the food controller. The serving of beef and bacon is prohibited on Tuesdays and Fridays and at more than one meal on any other day. Substitutes such as corn bread, oat cakes, etc., must be provided at every meal at which white bread is served.

Under the order the expression "bacon" includes cured (either pickled or smoked) sides, backs, hams and any portions of what is termed in the trade "Wiltshire sides."

The term "public eating places" includes any hotel, restaurant, cafeteria, club or other place where meals to the number of twenty-five per day are served to persons other than members of the family or household of the proprietor.

Notice Displayed

In all such public eating places there must be prominently displayed a printed notice to the effect that all persons in ordering their food ought to consider the needs of the British and her allies and their armies for wheat, beef and bacon, and that the food controller requires the public to do everything in their power to make these commodities available for export by eating as little as possible of them, and by making use of substitutes and avoiding waste.

No person shall use any wheat in the distillation or manufacture of alcohol unless such alcohol is to be used for manufacturing or munitions purposes and no person shall use wheat in the distillation or manufacture of alcohol, for manufacturing or munitions purposes unless such person has obtained a license therefor from the food controller for Canada. No fee shall be payable for any such license.

Heavy Penalties

Heavy penalties are provided under the order for violation of the regulations. In the case of public eating places, the proprietor or manager, and any clerk, employee or servant, violating any of the said regulations, shall be guilty of an offence and shall be liable upon summary conviction, for the first offence to a penalty not exceeding \$100 and not less than \$25, and for each subsequent offence to a penalty not exceeding \$100 and not less than \$100, or to both fine and imprisonment.

Any person violating any of the provisions of the regulations regarding the use of wheat in the distillation or manufacture of alcohol shall be guilty of an offence and shall be liable upon summary conviction to a penalty not exceeding five thousand dollars. The order in council is based on the final regulations of the food consumption control, which was recently appointed by the food controller.

MISSIONARIES ARE BESIEGED BY BANDITS

(By Morning Bulletin Leased Wire)
PEKING, Aug. 9.—Captain Calvin B. Mathews, and Lieut. Thomas M. Luby, of the United States Marine Corps attached to the Peking legation are being besieged by bandits. The American officers are accompanied by Chinese soldiers.

Tabu is in the northwestern portion of the province of Chi-Li, about 160 miles from Peking. Kalgan is about midway between Peking and Tabu.

FULL WAR STRENGTH

WASHINGTON, D.C., Aug. 9.—Today's enlistments are expected to recruit the regular army to its full war strength. Acceptances yesterday reported today totalled 1,194, leaving only 693 to complete the recruitment. The campaign began April 1 and 183,305 men have been accepted.

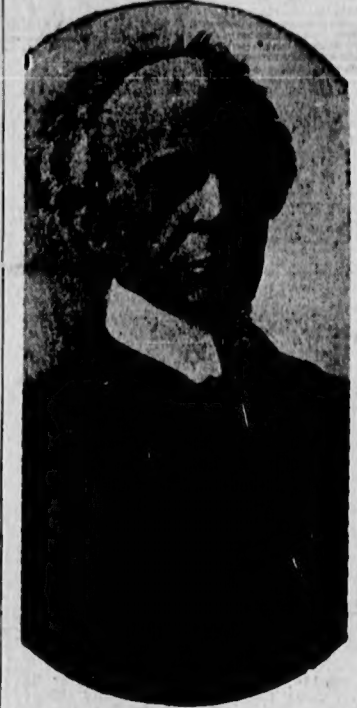

STATE-MADE BOOTS IN ITALY

Rome, Aug. 9.—In view of the great increase in the price of footwear the Italian government has decided to manufacture a standard shoe of stout make and at a reasonable price. Three hundred thousand pairs will be turned out monthly in Italy and another 200,000 pairs will be imported.

CONFERR AT RIDEAU HALL

OTTAWA, Aug. 9.—A conference was held at noon today at Rideau Hall at which the house governor, general, presided. Those present included Sir Robert Borden, Sir Wilfrid Laurier, Sir George Foster, Hon. George P. Graham, Sir Lomer Gouin, Lord Shaughnessy, Sir Clifford Sifton and Monsignor Mathieu, Bishop of Regina. The nature of the conference has not been revealed.

Will Unite People

Western Liberals record admiration for the life and work of greatest of all Canadians—Sir Wilfrid Laurier.

HOT DEBATE IN HOUSE OVER CRIMINAL LAW

Proposal Of Government To Limit Number Of Jurors Told "Stand Over."

(By Morning Bulletin Leased Wire)
OTTAWA, Aug. 9.—The commonsense spent the whole of this afternoon and evening debating Hon. C. J. Doherty's bill to amend the criminal code respecting jurors. The debate was acrimonious in spots. Liberal members registering strong opposition to the passage of the measures, which has to do with the limiting of the number of jurors whom the crown may "stand over," without the approval of the trial judge. Opposition members contended generally that the bill was designed primarily to be employed in connection with the Manitoba election trial. Hon. C. J. Doherty denied that such a motive existed and declared it was simply designed to secure uniformity in jury matters. The bill secured second reading after a six months' hoist motion moved by Hon. Rodolphe Lemieux had been defeated.

Amendment Proposed

The amendment provided that the crown may not direct any number of jurors to stand aside in excess of 48 unless the judge presiding at the trial, upon special request, orders otherwise.

Hon. Dr. Pugsley vigorously attacked the measure. In all his 35 years of practice, he declared, he had never heard any complaints against the present provisions of the criminal code in this regard. He believed that such an amendment might lead to a condition where obsolete jurors acted by prejudice or bias might absolutely paralyze the administration of justice.

In criminal cases, especially for capital offences, present law gave an advantage to the accused since it limited the crown to four peremptory challenges. The minister's bill, he declared, had been actuated to a change made in the law of Manitoba under the provisions of the Criminal Code Act, 1900, which gave the crown the right to challenge jurors without stating reasons.

H. B. Morphy, of North Perth (Conservative), disapproved of the proposed change. Instead of restricting the prerogative of the crown to make peremptory challenges, the legislation should extend it.

Colonel John Currie, of North Simcoe, supported the bill. He declared that the crown possessed of unlimited right to challenge jurors without stating reasons, could keep on standing aside men until the prosecuting attorney knew he had a jury that would convict or acquit, whichever he desired. Such an unrestricted right would be particularly dangerous in election trials.

Parley Political.
F. B. Carvell, Carleton, declared that the legislation was purely political and he could not understand how the minister dared to face the house with such a measure. The Manitoba government had been threatened that unless they assured the government here that they would not pass the bill it would be disallowed. It was bad enough if the necessity for the bill existed today, but everybody knew it was past. The ex-ministers whom it was designed to help were no longer on trial. The bill had been simply brought in now to save the face of the minister and his political friends. It was a disgrace to jurisprudence and a tampering with the dignity of parliament to ask that such class legislation should be passed.

Hon. C. J. Doherty then wound up the debate. He declared the member for Rouville (Lemieux) had injected poison into the debate by attributing party motives and political ambition to a measure simply intended to protect the citizens of the country before the courts. He believed it would make for a uniform rule in Canada and wished his opponents to understand that he proposed to limit the number of stand-bys, but not to effect the number of jurors to be summoned.

GERMANS NOW USING MORE DEADLY GAS

Projected Into Towns By Shells Of Small Calibre.

NEW POISON IS COLORLESS LIQUID

Bronchial Tubes First Attacked—Patients Eventually Lose Eyesight.

(By Morning Bulletin Leased Wire)
HAZEBROUCK, France, Aug. 9.—British medical officers are trying to determine the nature of the new poison used, it is believed, for the first time by the Germans on the French town of Arras, near the Belgian frontier. The poison bore a certain resemblance to the gas which temporarily blinded a large number of British troops a fortnight ago, but its effects are infinitely more serious. Several persons taken from Arras are in a grave condition. Many have died in hospitals at Hazebrouck, Aire-on-the-Lys, and particularly at St. Pol-on-the-Ternoise, where most of the victims were taken.

The first time the new poison was observed it coincided with the firing into the town of a hail of small shells of a calibre insufficient to break the paving. These contain a colorless liquid. In the streets and in courtyards and gardens, where the shells burst, traces of the noxious liquids may be seen.

As the liquid evaporates it produces a heavy gas which penetrates into cellars. It is tenacious in character and seems to make more victims among women than men, closing about their hair. The fumes of tobacco seem to act as an antidote.

Victims at first were affected in the bronchial tubes and suffered with cough and eventually they lost their sight. These symptoms were accompanied by a feeling of burning inside and an incessant cough and fever. The skin turned an ashy color and in several cases death followed rapidly.

Occasionally, in addition to the symptoms mentioned, the victims were affected by terrible hallucinations and delirious laughter.

AIRMAN CHASES AUTO 5 MILES KILLING TWO

Amazing Daring Of British Aviators During The Battle Of Flanders.

(By Morning Bulletin Leased Wire)
LONDON, Aug. 9.—Major Maurice today gave an interesting resume of the detailed reports which he had received on the air fighting situation in the Flanders battle of July 31 and the amazing superiority which the British aviators had displayed on that day in the air.

"During the afternoon our airmen, cruising off several miles behind the German lines, spotted a German staff car containing four staff officers speeding along a country road. He swooped down and chased the car five miles. The excited passengers, while urging the chauffeur to find shelter, stood up in the car, drew their revolvers and fired wildly into the wings of the big biplane which was circling overhead."

"The British pilot finally got the car into the right position in front of his machine gun and swept the car with a hail of bullets, killing two of the officers."

"That is the spirit of things," said General Maurice, "which went on behind the enemy's line throughout the day of the attack. We had absolute command of the air. There was not a single instance of a German aviator forcing any such tricks behind our lines. We won this absolute command, however, only by persistent acts of offense during the weeks before. There is no evidence that this mastery is permanent. We shall have to fight again for it, but our airmen are confident that they can repeat when necessary."

SOLDIERS MUST NOT WEAR UNIFORMS AT PARTY MEETINGS

Canadian Forces Have Had Their Attention Drawn To The Regulations.

LONDON, Aug. 9. (C.A.P.)—The Canadian forces have had their attention drawn to the king's regulations forbidding attendance at political meetings to soldiers in uniform. A similar reminder issued to the Imperial brought forth questions in the House of Commons last night. Arthur Ponsonby asked if the war cabinet had arrived at a decision to cancel these regulations, seeing that the latter part of the regulations are disregarded with the connivance of the military authorities.

Mr. MacPherson, for the war cabinet, replied: "I understand that the war cabinet has decided that the regulations are to be strictly and impartially enforced, and soldiers are not to join soldiers' and workmen's councils."

IRISH CONVENTION

DUBLIN, Aug. 9.—The Irish convention, after sitting for several hours today, adjourned until August 21.

Preparing the Way for Another Drive--Great Gun Battle in Flanders

Anglo-French Artillery Of All Calibres Engaged In Levelling German Defence Positions—Bombardment Especially Heavy On Belgian Coast—Artillery Also Active On Aisne Front—Russians Apparently Have Checked Austro-German Advance In Galicia And Bukovina—In Moldavia Russians And Roumanians Fighting Hard To Recover Lost Ground.

(By Morning Bulletin Leased Wire)
LONDON, Aug. 9.—On no one of the battle fronts of Europe has the fighting activity of the last 24 hours been marked. In Flanders, however, the great artillery battle continues most violently, seemingly preparing the way for further heavy infantry activity.

The only infantry engagement in Flanders has taken place on the line between Ypres and Dixmude, with the French troops the aggressors in both instances. Northwest of Bixchoote, the French have enlarged further the gains made on Wednesday. Southwest of Bixchoote, in the region south of Langhemarcq, the French have made some progress into the German line.

Terrain conditions in Flanders, made more difficult by the rains of the last ten days, are such that without the destruction of enemy defenses by artillery fire, it is nearly useless to throw forward infantry attacks. There are indications that the Anglo-French guns of all calibres are engaged in levelling the German defense positions.

Fire Very Great Say Germans
The German general staff reports the artillery fire at Flanders as very great and says it has been especially heavy on the Belgian coast and from Bixchoote to Hollebeke. The latter sector takes in most of the important Ypres salient.

Except for several local raids by the French there has been no infantry activity from St. Quentin to the Siwaq border. The French and German guns, however, are hammering the opposite lines along the Aisne front, in Champagne, and on both banks of the Meuse in the Verdun region.

Apparently the Russians have checked greatly the Austro-German advance in Galicia and Bukovina, as no notable advance has been made by the Teutons since the Russian line stiffened. To the south, in Moldavia, the Russians and Roumanians are attempting to re-occupy the positions north of Pokshan lost to Field Marshal Mackensen's men. They have attacked the Austro-Germans with violent force, but Berlin says the effort failed. The number of prisoners taken by the Teutons in these regions is reported to have reached 3,300.

Successful Raids
LONDON, Aug. 9.—The official communication issued by British headquarters tonight reads: "Artillery activity on both sides continued in the neighborhood of Ypres. There was no infantry action. On several occasions the British in the morning in the neighborhood of Lens. We secured a few prisoners and killed many Germans. Our troops entered the enemy positions at all points attacked and after destroying the dugouts and wrecking his defenses, returned with slight casualties."

"Hostile artillery has been more active than usual in the Nieuport sector. Air work continued yesterday, although bad weather interfered. In air fighting two German airplanes were brought down and another driven down out of control. None of our machines is missing."

Further Progress
PARIS, Aug. 8.—The war office communication issued this evening says: "In Belgium we have made further progress south of Langhemarcq. We also have taken about twenty prisoners."

"Both artilleries have been active in the sectors of Pantheon and Epine de Chevreigny, in the region of the Montan and near Auberville and on both banks of the Meuse."

"On the eighth instant, notwithstanding the bad weather which made aerial work especially difficult, our escadrilles made numerous sallies. The aviation grounds at Colmar and Saasheim (both in Alsace) were bombarded. All objectives were reached."

"Army of the east, Aug. 8: The enemy attempted surprise attack against our trenches in the region of Lake Presba but was repulsed. Some prisoners remained in our hands."

"Rather spirited fighting has taken place on both sides of the Vardar river and on the Oana Bend."

"British aviators have successfully bombarded the airbase at Llinemova and the depots in the region of Sereva and Stojakovo."

One exploring party had land mines exploded in front of them, near a crater which was the scene of lively fighting earlier in the week. Undeterred by these explosions they pushed on and encountered an enemy patrol of thirteen men, who took shelter in a dugout. Only two answered a call to surrender, the remainder were killed in the destruction of the dugout."

A number of other enemy subterranean shelters also were demolished, but nothing is known as to the number or fate of their occupants."

Our men returned to their own trenches with manifest reluctance. Some of them said there would have been no difficulty in pushing forward into the streets of Lens."

The troops engaged were from Ontario. Our casualties were light."

PAY DAMAGES AND MAKE INDEMNITY IS PERU'S DEMAND

Reply To The German Government. Offering Settlement Through Prize Court.

(By Morning Bulletin Leased Wire)
LIMA, Peru, Aug. 8.—The German government has offered to submit the circumstances of the sinking of the Peruvian barque Lorton to a prize court for adjudication. The Peruvian government today refused to offer, declaring that the sinking of the barque was unjustified and insisted that the German government pay damages and make an indemnity.

The Lorton was sunk by a German submarine February 5, inside Spanish territory. On February 9, the Peruvian government made a demand upon Germany for reparation and indemnity and for the punishment of those responsible for the sinking of the barque. On February 15 Germany replied to the Peruvian protest and announced that an investigation was under way.

THREE KILLED IN STREET CAR RIOTS

(By Morning Bulletin Leased Wire)
LIMA, Ohio, Aug. 9.—Rioting broke out in the street car strike here late today. Three men were shot in a clash between strike sympathizers and armed guards on the cars of the Ohio Electric Railway. Police dispersed a crowd of more than a thousand persons gathered in the vicinity of the Interurban depot. Mayor Simpson ordered all saloons closed at 5:30 o'clock.

QUAKE STILL ACTIVE
WELLINGTON, N. Z., Aug. 9.—Further severe earthquake shocks occurred at Wairarapa, northwest of Wellington. There were casualties.

WILSON CAUSES ARREST OF HEAD GERMAN PAPER

St. Paul Volks Zeitung—"Cast Aspersions By Insuendo" On War Measures.

(By Morning Bulletin Leased Wire)
ST. PAUL, D.C., Aug. 9.—Dr. Fritz Bergmeier, president of the St. Paul Volks Zeitung, was arrested today by order of President Wilson, under the proclamation of April 6. The general policy of the Volks Zeitung has been to "cast aspersions by insuendo" on American war measures. It is charged. He was committed to jail pending further orders from the president.

HAMMED SUBMARINE

LONDON, Aug. 9.—Another unarmed merchantman has been sunk by a submarine, but because of the fate of Captain Charles Fryatt, of the British steamer Brussel, who was executed in July, 1916, by the Germans for attempting to ram a submarine, the names of the captain and crew of the steamer especially concerning their achievements, cannot be published.

The captain and crew of the vessel, however, have been presented with £2,500 by Sir William J. Tate, chairman of the Tate Navigation company, for their deed.

EDMONTON, ALBERTA, FRIDAY, AUGUST 10, 1917

PAGE THREE

Western Liberals Stand by Laurier

Show Confidence in Leader By Overwhelming Majority

Hon. Frank Oliver Responds to Repeated Calls for Speech—Emphasizes Importance of Present History-Making Gathering.

(Special to The Bulletin) Winnipeg, Man., Aug. 9.—With much after round of applause and the thousands of delegates to the great liberal convention cheering wildly a resolution of admiration for the Liberal leader, Sir Wilfrid Laurier, and expressing confidence in his ability to lead a united Canada to a more vigorous anti-war policy was unanimously adopted Thursday morning and was the big feature of the most representative gathering of Liberals ever held west of the great lakes.

The resolution was submitted by Hon. A. G. MacKay and seconded by W. E. Knowles, M.P. The four western premiers, Hon. Messrs. Sifton, Norris, Martin and Brewster, who were on the platform during the discussion, all spoke in enthusiastic support of the declaration of confidence.

Mr. Martin stated his conviction that the Borden government had deliberately neglected resulting in Quebec for the purpose of uniting the rest of Canada against that province.

Mr. Sifton gave it as his belief that Sir Wilfrid Laurier represented the concentrated sense of the good judgment of the people of Canada and the present government had its chance to do justice to the people of Canada and had failed.

After the resolution had been enthusiastically passed, there were calls from the hall for Hon. Frank Oliver who spoke briefly, describing the convention as the greatest occasion in the history of Liberalism in Western Canada.

He said: "This is a time of world wars and Liberals have gathered from the Red River to the Pacific Coast to assert the principles of Liberalism. Where are our friends from the west? Ottawa and men behind them who are willing to divide the country in its time of trouble. Men and women have never done more patriotic thing than to attend a convention of Liberals to declare in favor of presenting a united Canada to the world, and the leadership of Sir Wilfrid Laurier."

No Liberal member in parliament had voted more often against his leader than the speaker, but he had never been as firmly convinced that his leader was right as on the present issue. Under his lead the Hun within the gate as well as the Hun without would be defeated, and Canada would become leader of the world in civilization.

To Hon. A. G. MacKay, M.P.P., fell the honor of reading the important resolution expressing admiration for the great Liberal leader, for his integrity, his statesmanship, and patriotism, and voicing the conviction that he would soon lead the people of Canada and in carrying out the policies enunciated at the convention.

At the imperial conference it was decided that the Liberal leader, Sir Wilfrid Laurier, should be the figure around which the Liberal party should be organized. Men may differ as to ways and means and there were men who were not convinced that the Liberal party should be organized around Sir Wilfrid Laurier. Men may differ as to ways and means and there were men who were not convinced that the Liberal party should be organized around Sir Wilfrid Laurier.

HOW "FREE PRESS" VIEWS CONVENTION

Winnipeg, Aug. 9.—Under the heading "Western Liberals Adopt Conscience," the Manitoba Free Press says editorially today:

"The war resolution adopted by the Liberal convention yesterday contained these declarations:

"That in times of peril the entire resources of the country, moral and material, man-power and wealth, are to be devoted to the preservation of its national liberties."

"That the imperative duty of the Canadian people is the continued vigorous prosecution of the war by the maintenance of unimpaired strength at the front of our fighting forces and the taking of all steps necessary to secure the required reinforcements for this purpose."

No Other Meaning

"This means conscription, if necessary. It can have no other meaning. Every candidate offering for election must accept it."

TEXT OF THE RESOLUTION

The Hon. A. G. MacKay, of Edmonton, moved the adoption of the resolution with respect to Sir Wilfrid Laurier, which reads:

"Resolved, that this convention places on record its admiration for the life and work of the great Sir Wilfrid Laurier, and of his earnest endeavor to carry out his duty as he sees it in the interests of all Canada, respecting our part in this world struggle."

"We express the hope that his undoubted ability, his long experience, his matchless statesmanship, may be utilized in re-uniting the people of Canada in this great crisis and the successful prosecution of the war and the carrying out of the platform laid down in this convention."

FOUR WESTERN PREMIERS SUPPORT THE RESOLUTION

Not More Than a Score of Delegates, Mostly From Manitoba and British Columbia, Show Opposition—Call for National Government After the Election.

(By Western Associated Press) Winnipeg, Aug. 9.—In the expectation that the business of the convention would be concluded by noon today, the Liberals of Western Canada resumed their deliberations at 10:30 a.m.

Chairman Hamilton announced that although the resolutions committee sat until four o'clock this morning, there was nothing ready for the convention and it was decided to hear a report from the Saskatchewan social service council, consisting of Rev. W. P. Reekie and Rev. W. J. Stewart of Regina. Mr. Reekie spoke of the necessity of bringing under settlement the western lands now held by speculators. He said it was the duty of the national leaders to discover a policy on which the whole country could unite. Canada could be united around either a social or political party, but it could be united on a great moral lead.

He urged that the federal government establish a department of social welfare and reconstruction, and a minister of the crown, such department to include work now done by the department of labor and to include a well-organized labor bureau. Such a department would also look after the social and industrial welfare of the nation.

Loud cheers were given by the delegates as Premier Sifton, Martin and Brewster stepped onto the platform at 11 o'clock.

The chairman read a resolution expressing "admiration for the life and work of the greatest of all Canadians, Sir Wilfrid Laurier, and the great confidence in his leadership and in carrying out the policies enunciated at the convention."

At the imperial conference it was decided that the Liberal leader, Sir Wilfrid Laurier, should be the figure around which the Liberal party should be organized. Men may differ as to ways and means and there were men who were not convinced that the Liberal party should be organized around Sir Wilfrid Laurier.

Mr. MacKay said the resolution was "not couched in loose words of fulsome flattery. These were those in the committee who did not see eye to eye with Sir Wilfrid, but they expressed admiration for his honesty and integrity."

Mr. Sifton said he firmly believed that if voluntary enlistment were given a fair chance, free from profiteering and graft, and the soldiers were paid a better wage, Canada would come gladly to the colors and conscription would never need to be brought in.

Mr. MacKay said the way was prepared for the conscription bill to be passed in the Liberal party. He said that the Liberal party was not divided on this issue, and that the Liberal party was not divided on this issue.

Mr. MacKay said the way was prepared for the conscription bill to be passed in the Liberal party. He said that the Liberal party was not divided on this issue, and that the Liberal party was not divided on this issue.

MOVIES WERE FEATURE OF CONFERENCE

Prof. Ottewill Demonstrates Its Value As Educational Agency.

Rev. Hugh Dobson gave an interesting address, illustrated by lantern slides, before the social service conference at the University last night, showing the relation of slums and bad housing conditions to disease and delinquency. He dealt with the various factors of industrialism in Canada.

Prof. A. E. Ottewill demonstrated in an entertaining manner the capabilities of the moving picture machine as an educational force in the rural districts. He projected on the screen reels showing a military review in France, a couple of comedies and one illustrating the movements of animals in slow time as shown by the camera.

Afternoon Session

With Mr. Sifton in the chair the Thursday afternoon session of the conference commenced at 1:30. Dr. J. H. Riddell, formerly principal of Alberta college and now principal of the University of Alberta, was the first speaker. His subject was "Social Control."

He dealt largely with "true" men—morality and religion as applied to the social and economic conditions. The speaker showed that religion took two forms, creed and social. In the past too much had been paid to duty and not sufficiently to the other man; on the other hand true religion should show itself in the desire to see all citizens with good outlook. Love God, love your neighbor.

Feeding of Live Stock

At 3 o'clock G. H. Hutton, director of the Dominion experimental farm at Brandon, addressed the present on "Experiments in Feeding of Live Stock," with Dean Howes presiding.

Mr. Hutton explained that there were three things entering into milk production—breeding, feeding and management. He showed by chart what is done in Alberta in silage from grass and oats, alfalfa and corn, explaining that the butter made when silage was used was twenty-five per cent better than on other feed, the silage in use costing \$175. He suggested feeding turnips after milking as there was then less liability to tainting. The value in the production of milk was also shown, the average gain of 102 steers was 355 lbs.

Mr. Hutton's address was most interesting to producers of stock, and it was given out that the information he had given would be the basis of a booklet to be published by the Dominion experimental farm at Brandon.

Mr. Hutton said his services were at the disposal of the people. He had been in the Dominion experimental farm at Brandon for three years, and he had been in the Dominion experimental farm at Brandon for three years.

HOOK SIGN CO. IS BURNED OUT

Burning Paint Shop Causes Excitement in 101st Street Hotel.

The paint shop of the Hook Sign Co. in the rear of the Alberta Loan & Investment Co.'s premises, 101st street, caught fire about 9:40 o'clock and was pretty well burned out. The fire was first seen from the rear of the King Edward hotel and caused some excitement there for a while. The paint, oils, etc., burned fiercely and made a bright illumination. The building is owned by H. Getty. There is no insurance.

Prof. A. E. Ottewill demonstrated in an entertaining manner the capabilities of the moving picture machine as an educational force in the rural districts. He projected on the screen reels showing a military review in France, a couple of comedies and one illustrating the movements of animals in slow time as shown by the camera.

Afternoon Session

With Mr. Sifton in the chair the Thursday afternoon session of the conference commenced at 1:30. Dr. J. H. Riddell, formerly principal of Alberta college and now principal of the University of Alberta, was the first speaker. His subject was "Social Control."

He dealt largely with "true" men—morality and religion as applied to the social and economic conditions. The speaker showed that religion took two forms, creed and social. In the past too much had been paid to duty and not sufficiently to the other man; on the other hand true religion should show itself in the desire to see all citizens with good outlook. Love God, love your neighbor.

ESKIMOS ARRIVE IN EDMONTON

End Of 3,000-Mile Journey Reached At Early Hour This Morning.

The train from the north, bringing the two Eskimos accused of murder, and their Mounted Police escorts, arrived in Edmonton at 3 a.m.

The end of a 3,000 mile journey over ice-covered rivers and snow-covered plains was reached when the party arrived in the city this morning. The two Eskimos, Sirilak and Wusuk, who are said to be the murderers of Fathers Rouvier and Leroux who met death by violence at Bloody Falls in 1913, Peate River, were left behind Wednesday and the provincial police have been notified to be ready to assume charge of the northerners.

Inspector C. D. Lanouze, heading the Mounted police party, which is now finishing a trip which occupied the better part of two years, is considered one of the most capable officers in the service in spite of the fact that he is but 28 years of age. The inspector has seen eleven years of work with the Mounted Police. His father, Mr. A. B. McCallum, was a veteran of the R.N.W.M.P. The family is Irish and the old mother lives in Dublin. Two brothers of Inspector Lanouze are fighting in France and a sister is a Red Cross nurse in a Flanders field hospital.

SCIENCE AID TO PRODUCTION TOPIC OF TALK

Dr. A. B. McCallum Speaks On Subject At Joint Meeting Club Members.

"We have to bear the burden of the war, and we can only do it by preparing for after-the-war conditions. One of the ways in which we can prepare for these conditions will be to apply the highest and best scientific efforts and methods to our industries and to our agriculture."

This was the burden of the message brought to the citizens of Edmonton by Dr. A. B. McCallum, president of the Dominion Advisory Council of Scientific and Industrial Research.

Today, by invitation of the Rotary Club, Dr. McCallum, together with Professor A. D. Adams and Professor R. F. Ruttan, attended the club lunch and addressed a joint gathering of Rotarians, members of the Board of Trade and Canadian Club on the subject of the Research Council and its aims and objects.

Copy British Methods

Dr. McCallum informed his hearers that the Advisory Research Council had been formed in Australia, a scheme adopted by Great Britain, where a council of scientific men had been formed for the purpose of assisting in industrial work.

Rev. Hugh Dobson addressed the meeting on the "Evolution of Rural Social Conditions in Western Canada." It closed up and carried a vote of thanks to the speaker.

Mrs. Root of the Watergate district, showed what advance had been made in the mixed population of that district through co-operation in the holding of gatherings in a community hall. She made a plea for better school teachers.

The conference ends today, the program being as follows:

9:00-10:00—Address, A. A. Dowell, "Animal Husbandry in Alberta."

10:00-11:00—C. C. Craig, "Girls' and Boys' Club work in Alberta."

11:00-12:00—Address, W. Muir Edwards, "Good Roads and Social Welfare."

3:00-4:30—Address, H. W. Wood, "A Review of the Situation."

8:30—Chairman, A. E. Ottewill, Concluded the program, under the direction of Haydn Morris.

PT. W. E. DOBLE ON CASUALTY LIST

Pte. W. E. Doble, of 9225 102nd street is reported to be wounded by this morning's casualty list. Other casualties include Ptes. H. H. Alberta, casualty Calgary, also wounded; J. McLean, Clyde; killed in action, and G. R. Carscadden (100977) next of kin, Virken, Man.

FUNERAL SGT. MCKENZIE

The funeral of the late Sgt. Richard Grant McKenzie will be held Friday at 1:30 with a service at the church of the Dunham Undertaking company, conducted by Rev. J. P. Garry, assisted by Rev. W. K. Thomson of Brakine church. Burial will be in Edmonton cemetery.

The McKernan Lake property was commenced and was adjourned until Friday morning. For the applicant J. Keenwood said that the property at present was not worth a dollar so far as revenue-producing was concerned, and it could not be sold as the lake was not a lake.

The appeal of the Radial Realty Co. of the council for the aid of the state. It will be necessary for all to assist in the work of regeneration and I ask the citizens of Edmonton to give their hearty support."

RAILWAYMAN A VISITOR

J. M. Cunningham, traveling freight and passenger agent of the Chicago and Great Western railway, is in Edmonton on a business trip.

GAS COMPANY APPLIES FOR AN EXTENSION OF CONTRACT TIME FOR CONSTRUCTING PIPE LINE

Have Written Informing Council That Owing To War Conditions It Is Impossible To Obtain Materials—Seven Wells Now Producing 33 Million Cubic Feet Of Gas Per Day.

Stating that owing to war conditions it is impossible to secure the material to construct the pipe line from the gas field at Viking to Edmonton, and the distributing system in the city, the North Alberta Natural Gas Development Co., Ltd., is asking the city council for an extension of the time in which to carry out this work.

Terms of Agreement

By agreement with the city, dated November, 1915, it was provided that the main pipe line should be laid, together with the distributing system within the city, and the company ready to supply customers within two years from the date of the agreement, which meant that the work had to be completed by November of next year. There is a penalty of \$100 per day for any additional time to complete the work not to exceed six months, and if the company fail to be in a position to supply gas to the city within the two years and six months, then all rights and privileges under the franchise are forfeit. The company were allowed six months to complete the work at their gas field and when the product of the wells totaled 20 million cubic feet of gas per day of 24 hours, the laying of the main pipe line was to be commenced, and to be completed within a year from that date.

The company now state: "On account of abnormal conditions created by the war, it has been impossible for the company to purchase the large quantity of pipes to construct the main line from the gas field and the distributing system in Edmonton. We think that the mayor and aldermen are aware of the fact that the company has fulfilled its obligations to date, when through causes entirely beyond its control it is impossible to go further."

33 Million Feet

"Drilling operations commenced within the specified time, and although one was only necessary, two rigs have been employed. We have now seven good wells, producing at the mouth of the wells an aggregate of 33,000,000 cubic feet of gas per day, and we are now drilling No. 8 well. The expenditure has been some \$300,000."

It is further stated that the company has been engaged through many months in testing all available sources which would enable them to secure the necessary steel piping, and that these negotiations were commenced long before they had developed the quantity of gas required by the agreement. Under the present abnormal conditions it had been found quite impossible to make any contract with any concerns on the continent capable of executing the large pipe order necessary for the carrying out of the project. Some of the companies would commit themselves to a certain time for delivery and conditions had grown worse since the United States had entered the war.

The company adds that it is with regret that they make the application for extension, and it is asked that if the required time is given that it will be made to the end of September of the year when they could obtain delivery of the pipes in April or May. The application will come before the council at its next meeting, which is due Tuesday evening.

Some lively comment may be expected, as at the last election when the question was pointedly asked of the candidates, the majority of answers was to the effect that they would not be in favor of granting any extension of time to the gas company.

Say Girl Was Drowned by Lover; New Theory in Bruderheim Tragedy

Provincial Police Continue Search for Effie Wolanski—Steve Kulezyski Now Said to Have Killed Both Mother and Daughter Before Ending Own Life.

That Steve Kulezyski, aged 25 years, only one set returning. The obvious conclusion was that the girl had been pushed into the river and that afterwards Kulezyski secured the rope from his father's well and hanged himself.

The man had the reputation in the district of being a bad character, but those who knew him could not believe that he would be capable of murder.

Social Side of City Life

EDITED BY MISS MARION REYNOLDS

PERSONALS, MEETINGS, CLUB ACTIVITIES, WEDDINGS AND SOCIAL EVENTS

CAN ANYBODY remember when the times were not hard, and money not scarce?

—Emerson.

Mrs. A. Gibson is visiting her son, Mr. J. I. Gibson, at Alliance.

Mrs. Jim Morkin and her guest of Vancouver (formerly of Edmonton) left on Wednesday night via G. T. P. for Prince Rupert and the coast cities. Mrs. Morkin will be away three weeks and will visit Portland before returning via C. P. R. to her home in the city.

Miss Sibbald Hamilton, of Kingston, is visiting Mrs. G. B. O'Connor, St. George's Crescent, and expects to remain for some time.

Word was received from Mrs. Jean Muldrow Thursday from Ottawa that she arrived safely and will lecture before an Ottawa audience tonight on preserving perishable vegetables.

Mrs. A. Grant, Alexandra block, is a patient in the Royal Alexandra and her daughter, Mrs. A. Ogilvie, is in the city on account of her illness.

Mrs. H. Crossley is holidaying at the coast, visiting in Victoria and Vancouver.

Mr. F. A. Boddard left the city on Thursday to join Mrs. Boddard and little daughter, Peggy, at Vancouver, and before returning will visit Seattle and other points.

Miss Marguerite Rutherford has returned to the city after a visit to relatives at Gull Lake.

William Fraser, of the fire department, together with his wife and family, is leaving for London, Ont., where

The Daily Poem

"MY FOUR SPLENDID BOYS"

Yes, I know there are stains on my carpet.
The traces of small muddy boots;
And I see your fair tapestry glowing
And spotted with blossoms and fruits.

And I know that my walls are disfigured
With prints of small fingers and hands,
And that your own household most truly
In immaculate purity stands.

And I know that my parlor is littered
Quite boldly all hours of the day;
While you sit in your room unmolested,
And dream the soft quiet away.

Yes, I know there are four little beds
Where I must stand watchful each night;
While you go out in your auto,
And flash in your dresses so bright.

Now, I think I'm a neat little woman;
I like my house orderly, too;
And I'm fond of all dainty belongings
Yet would not change place with you.

No, keep your fair home with its order
Its freedom with both and noise;
And keep your own fanciful leisure,
But give me my four splendid boys!

a vacation will be spent with friends, Rev. Dr. Barker and family.

Rev. W. A. Lewis, of Macleod, is in Edmonton attending the meetings of the Alberta college board.

Mrs. John Campbell of Alliance accompanied her son George to the city, where he has been operated on for appendicitis.

Miss E. P. Bell, who has been visiting Mrs. Thos. Matheson at Alliance for a few weeks, returned to her home on Tuesday.

Mrs. A. O. Jennings is in the city from Alliance looking after her father, Mr. Thos. Foster, who is in the hospital for treatment.

Mrs. A. M. Richards and little daughter Doris leave on Friday for a visit to Vancouver to be away several months.

Mrs. Edward Beeton of Toronto is visiting her daughter Mrs. Wm. F. Pillar, 107th street.

Mrs. Blazil is visiting her daughter Mrs. B. J. McDonald in Calgary.

Mrs. M. Kinnear who has been visiting Mrs. F. G. Forster at Banff is now in Calgary the guest of her sister, Mrs. W. G. Ziegler.

Miss Marian Crawford, of Montreal, who has just returned home, has been awarded the Annie Oakley trophy for the best score made in rifle shooting at Newcastle-on-Tyne, N.E., this season by children under fifteen. Miss Marian, who is twelve years old, won the trophy with a score of 129 out of 160. This score was within four points of the winning record among women rifle shooters.

Capt. A. Wallace Owen has been spending a short leave with his recently widowed mother in Charlottetown, P.E.I. His friends here will doubtless be interested in hearing that his marriage to Miss Edith Penton Rogers of Chicago is arranged to take place on Saturday, August 11th.

Princess Marie Louise opened a Y. W. C. A. hut for munition girls at St. Veron. The hut stands in the area wrecked by the explosion of January. The Countess of Portsmouth, the Countess De Lisle and Dudley, the Hon. Mrs. Lumley and Miss Pictou-Turberville were among the guests on the platform. The Hon. E. Kincaid, who presided, made a special appeal for voluntary workers in the Y.W.C.A. canteens. The money for the hut has been largely collected by a Canadian schoolgirl, who wished it to be called the "Ovayonda Hut."—London Times.

Capt. A. R. Gillis is registered at the Palliser in Calgary.

Mr. and Mrs. Geo. H. Ealot are in Calgary visiting friends.

Mr. and Mrs. A. Davis are guests at the Palliser for a few days.

Mrs. Nell McLean and little daughter and Mrs. Jim Collins left on Thursday morning for Lac la Biche.

Mrs. J. Russell and children of Granum are visiting Mrs. Russell's sister, Mrs. E. A. McLeod and Mrs. J. S. Macdonald.

Mrs. A. W. Ponton, 125th street, and daughter left on Thursday for Lac la Biche for a holiday.

Mrs. Wm. Short left on Thursday for Lac la Biche for a few days, returning to the city on Monday.

Mrs. D. S. Forbes of the Bulletin

Every 10c Packet of

WILSON'S FLY PADS

WILL KILL MORE FLIES THAN \$8.00 WORTH OF ANY STICKY FLY CATCHER

Clean to handle. Sold by all Drug-Gists, Grocers and General Stores.

staff is spending her holidays at Banff.

Mr. Charles Gordon who has been in Calgary for some time is back in the city.

Miss Winnifred Perkins, of Vancouver, and Miss McLeod, of Victoria, who have been the guests of Mrs. J. A. McKinnon for some time, left Thursday morning for Lac la Biche to spend a week or so with Mrs. (Dr.) Farquharson. On their return they will again be the guests of Mrs. McKinnon before leaving for their homes.

Mrs. F. M. Black of Calgary, wife of Mr. Black, member of the Commission, is visiting in the city and attending the Social Service convention. It is probable that Mr. and Mrs. Black and family will remove from Calgary in the near future to take up their residence here.

Mrs. Swain and her two daughters who have been visiting Mrs. Swain's mother, Dr. J. H. Pruit, have returned to their home in the east.

Dr. J. Park is holidaying at Peace River.

The following concert program will be given in Convocation hall of the University, on Friday evening, August 10, at 8.30 o'clock, by the Hayden Choir and pup's. The concert is in connection with the Conference for Social Leadership and is open to the public.

(a) "Calm on the Lake" Pfeil

(b) "Last night" Halfdan Kjerulf

"Bird of Love Divine" Haydn Wood

Voice: "Tommy Lee" E. J. Margaretson

Miss Agnes Watson

Negro Melody Duet: "Pecaniny Snuggle Song"

Wilson Smith

The Misses Florence and Edith Owens

Closing Chorus: "God Save the King" Somerville

THE NATIONAL ANTHEM

Of all the pioneers in Alberta and especially of Edmonton perhaps none is known any better than Rev. Dr. Riddell of Alberta College, and his pioneer work along the lines of higher education in this province, was the outstanding feature of the remarks of the speaker at the farewell gathering at McDougall church on Thursday night on the occasion of the departure of Dr. and Mrs. Riddell for Winnipeg, where Dr. Riddell will take the position of principal of Wesley college, where he was once a professor on the staff. The members of the congregation and friends assembled in the lecture room of the church where all tables were placed with musical instruments and fragrant variegated sweet peas. Slips of paper were distributed to each as they arrived and an autograph contest ensued to ascertain who could obtain the most autographs on his or her slip of paper. This contest of course was a fine method of causing a general social intercourse and all soon became acquainted. There were many who had known the doctor and his wife for the fourteen years that they had been residents of the city and it was with real regret and not a few tears that words of parting were said. Addresses mixed with musical numbers took up the most part of the evening after which refreshments were served and the opportunity of a hand-shake and a farewell to Dr. and Mrs. Riddell took place. After appropriate opening remarks had been made by P. E. Butchart, who was chairman of the evening, Miss G. Kingsbury gave a song. Mrs. Hustler was then called upon to speak for the ladies of the Douglas church and in a very well couched address tendered Dr. Riddell a charming tribute to his influence not only on the hearts and minds of the scholars, who had passed through the college, but on the lives of all who came in contact with this Christian character—shaping their lives for the better things in life. Testimony was borne as to the upright character and the devoted devotion of the doctor. Mr. Loughhead then sang "The Village Blacksmith." An excellent farewell address ably given by Cecil E. Race was a resume of the doctor's work in and out of the college since he had taken up his abode in this city. Mr. Race had known and worked with him. During this address a gold-headed cane, suitably engraved from the members of McDougall church was presented by Mr. Graham. Mr. Race told most graciously of the intense interest and the constancy of the doctor to the church and that it seemed almost impossible to think of the doing of the church, but of the trials, joys and sorrows of almost every family connected with it. Rev. T. C. Buchanan, who was mainly responsible for bringing Dr. Riddell to Edmonton and a very close friend, made a speech so filled with glowing personal tributes that any man would be more than proud that he had endeared himself to that extent. Miss Kingsbury's solo completed a very pleasant evening though of necessity mixed with sadness.

At The Highlands

Mr. and Mrs. W. G. Ferguson have as their guests the former's brother, Mr. Robert Ferguson, and little son, Edward, of Gerrie, Ont.

SOUTH SIDE DIARY

Mrs. Dorman of Rutland, Vt., arrived in the city Thursday to visit her mother, Mrs. Wells at 1121-18th avenue. She is accompanied by Miss Shoobottom of London, Ontario.

Mr. and Mrs. Ralph Crawford of Brampton, Ont., are visiting their daughter, Mrs. Geo. S. Macdonald.

TWO YEARS FOR DESERTING

WINNIPEG, Man., Aug. 9.—Phil St. Pierre Wilfrid Pilon and Arthur Daigneault were each sentenced to two years in the penitentiary with labor for deserting from a French-Canadian unit in military district No. 10.

Women's Exchange

TODAY'S INQUIRIES

Blackberry Brandy.
To the Editor of Woman's Page:
Dear Madam—Please tell me how to make a large quantity of blackberry brandy.

CONSTANT READER.
I am giving you two recipes. To ten gallons of blackberry juice and twenty-five gallons of spirit, 40 above proof, add one dram each of cloves and oil of cinnamon, dissolved in 95 per cent. alcohol and twelve pounds white sugar dissolved in six gallons of water. Dissolve the oils separately in one-half pint of alcohol (95 per cent.) mix together and use half the quantity. (2) Four pints of crushed blackberries, four pints of brandy, one pound of sugar, Macerate the berries in the brandy for five or six days, express the liquor, add the sugar and after a fortnight decant or filter.

Cans for Canning.
To the Editor of Woman's Page:
Dear Madam—Will you please tell me in your paper as soon as convenient how I can utilize hard cans and make them alright to can fruit and vegetables, as I have a great many perfectly good and bright?

MRS. ROOT.
These cans may be used for the less acid fruits and vegetables. Sterilize them before putting in the fruit, then proceed in the usual way. They can be sealed with solder; to do this, set the cans level and wipe cans and caps clean and dry; as any foreign substance will interfere with perfect sealing. Prepared monacid flux, which is purchased from any hardware dealer or plumber, is the most convenient form; this should be applied by hand to the under edge of the caps before they are placed on the cans. The paste will not flow as the liquid will and must be applied at the point where it is wanted. When the cap is in place the flux is where the seal is made. If using the liquid flux, put the cap in place, dip a small brush in the acid and wipe quickly around the edge of the cap. Enough of the liquid will penetrate beneath the cap. Do not try to work without a well-tinned capper and tipper or the solder will spread over the iron instead of staying where it is wanted at the point of the can. If the steel is hot and you work quickly it will be

comparatively easy. Glass jars, though, are much more satisfactory for the amateur canner.

Picnic Luncheon.
To the Editor of Woman's Page:
Dear Madam—We are giving a picnic next week in the woods about five miles in the country. What sort of things to eat would you advise our "chicks"? Are gingham dresses and fluffy hats the proper thing to wear for such a party?

KATE.
Of course, an elaborate luncheon of salads and cold meats could be taken, but these things always necessitate silver, and then you have to carry the silver home. It is better to carry such things as sandwiches, cake, fruit and perhaps a vacuum bottle filled with some cooling drink. Of course the vacuum bottle must be taken home, but as it keeps things cool or hot as desired, it is worth tugging about.

Dainty sandwiches of minced chicken and mayonnaise, ground olives and chicken livers, or ground olives and cream cheese, lettuce and mayonnaise are light to carry and require no forks and knives; fruit also may be eaten with the fingers, and cakes also.

Gingham, dresses or white shirts and skirts would be appropriate to wear, but I would advise plain hats, sports or stiff, rather than fluffy ones for a day in the woods.

Would Motor With Young Man.

To the Editor of Woman's Page:
Dear Madam—I know a young man who has a small motorcar which only holds two persons. He has asked me to go out with him several times, but my mother has not allowed it; she says there should be a third person with us as I am only seventeen. I have known the young man for six months and he has always been very polite and not a bit fresh. Don't you think it would be proper for me to go with him?

ANXIOUS.
You must take your mother's advice in this matter. I think you will find she will consider if you approach the subject tactfully and do not suggest going out alone in the late evening. A ride in the afternoon, in these days when girls are allowed more freedom, would not be apt to be criticized by any one, provided you know the young man to be a gentleman.

ON DIT

That there is a rumor of the return of the circular skirt this fall.

That Vancouver, is to have a "Better Babies Contest" at their coming exhibition.

That New York women are investigating the Bolivian process by which potatoes are frozen and then dried.

That fashion predicts that the popular shade for autumn will be a vivid reddish purple.

That Rheta Childe Dorr, the suffragist and writer, has just returned to Petrograd after two weeks with the Russian Women Legion at the front.

That now long line coats with long ankle length skirts are noticeable features of advance fall models.

That the entire bitter orange crop of Seville, Spain, has been purchased by British firms for marmalade for the army.

That the Ottawa Ladies' Auxiliary to the Great War Veterans' association, under the presidency of Mrs. L. A. Smith, announcing a campaign to raise \$50,000 for a clubhouse.

That food week will be observed throughout Michigan from August 1 to 5, and the celebration will be started in Detroit, with a practical demonstration of food conservation methods.

NEBRASKA IS SWIFT BY HAIL.

Lincoln, Neb., Aug. 9.—Serious damage was caused to property and crops by a severe hail and wind storm which swept a path from four to ten miles wide and over a hundred miles long, over nine counties of eastern central Nebraska yesterday. Growing crops in the storm's path were driven into the ground and entire fields of corn were destroyed.

THE AMERICAN SHOE STORE'S ANNUAL MIDSUMMER CLEARANCE SALE

has a delicious flavor that has been hiding in wheat for thousands of years. Children love it because the more they chew it the sweeter it tastes.

Marriage Brokers Busy Helping Young America To Escape the Draft

In New York agents of the Department of Justice have begun an investigation to learn whether marriage brokers have undertaken to supply wives for young men who are seeking to avoid being drafted for service with the national army. The investigation is a result of two days of preliminary work by Secret Service operators and deputy United States marshals among the hundreds of applicants for marriage licenses.

More than one prospective bridegroom, it was learned, was found in the line of applicants who knew little or nothing about the woman they were seeking to marry beyond her name, age, and the other facts necessary for obtaining the license. Under the provisions of the draft regulations, Government officers declare, they will be able to arrest and imprison not only the slackers, but the women and the brokers who brought them together.

Mrs. A.W.C. Ceriver and children, of the Highlands, are visiting with relatives at Strone.

Downing Street Secrets Told By Premier's Wife Amaze Women of England

Mrs. Lloyd George gave away so of the secrets of Downing street when, presiding at a recent lecture on domestic labor-saving at the B. nomy Exhibition, she said: "When we went to 11 Downing street (the official residence of the Chancellor of the Exchequer), years ago we found a big hall there with not a window, not a gle of light, nor ventilation of any kind."

"It took me some little time to build me a nice little scullery did not rest till I got it. Now it is a nice little complete scullery with a glass roof and a window which opens out into the garden. "Perhaps you would not believe if I told you that when Mr. Asquith came to 10 Downing street years ago there was not a scullery in the place. I think has improved a little since we have been there."

MAN OF 65 SHOTS HIMSELF. Regina, Sask., Aug. 9.—A. Dalmer, merchant of Simpson, Sask., committed suicide by shooting. He was years of age and came to Regina years ago from Carberry, Man.

COMING EVENTS

Announcement of meetings (fraternal, religious, etc.), recitals and other events, will be published under this heading free of charge. Readers are invited to send to the office or phone the News Editor, 3021 10th Avenue S.W., the name of the event, date, time, place, and whether or not admission is charged, collection taken or articles sold, will be published under this heading free of charge. Readers are invited to send to the office or phone the News Editor, 3021 10th Avenue S.W., the name of the event, date, time, place, and whether or not admission is charged, collection taken or articles sold, will be published under this heading free of charge.

Sunday at East End Park after the band concert. Questions and resolutions on the food and fuel situation. How to help them. Fish at 10 cents a pound from Alberta's Lakes will save some meat and reduce the price. Both good war time moves. The Gas Franchise (Clifford Sifton and R. B. Bennett) to at once use their Viking Gas according to contract and thousands of cars of coal which would otherwise be used to heat Edmonton and district this winter will be released for use elsewhere. It don't need a \$25,000 a year Pittsford Coal Export to see that this is good war stuff. Who called the Liberal Winnipeg convention? Did they endorse prohibition and conscription in good faith or was it bunk? There are plenty of topics to interest the people; these are some that may be referred to Sunday, starting at 4:30 p.m.

On Saturday afternoon, August 11th, in Riverside Park, the Ladies Auxiliary No. 15, of the Typographical Union will hold a "welcome home" picnic for two Edmonton printers, Pte. Stevens, D.C.M., and Pte. George McIntosh, the picnic party to include printers and their families. A program of sports is being arranged and a pleasant time is anticipated.

The Edmonton Horticultural Society will hold its annual flower and vegetable exhibition on Thursday, Friday and Saturday, the 16th, 17th and 18th August, at Jasper Avenue (between 4th and 5th streets). As has been impossible to secure a building for the purpose near the main street the society are intending placing the exhibit in two large tents. Entries close on Saturday the 11th and from the large number of entries already made it is believed the show will be one of the very best held in the city. All information may be obtained from the secretary, Mr. A. Pike at 10049 Jasper Avenue.

Alberta food production will be a subject dealt with at the East End Park on Sunday next after the band concert. Particular reference will be made to the effect on food supply and meat consumption and on the price of meat generally, by the closing of Northern Alberta lakes to fishermen. A resolution touching this question may be offered to the meeting.

Saturday, 11th August, is the date of St. Andrew's basketball picnic at Alberta Beach. The weather being fine a record turnout is expected. Train leaves 2 p.m.; return time limit 10 p.m. Everybody come and enjoy the sports. Tickets, adults \$1.00, children between 5 and 12 years half-price.

Sullivan's Academy of Dancing Club is holding a refined dance tonight in the Academy hall, corner Tenth and Fraser Avenue. Pepin's five-piece orchestra. Large electric fans in use.

A garden party and concert will be held in the grounds of the North Edmonton Methodist church on Friday evening, Aug. 10th, at 7:30 p.m. Ice cream, coffee and light refreshments will be served. Splendid program, vocal and instrumental, will be given.

Commencing Monday, July 23rd, the Argonaut Social Club will hold dances every Monday, Wednesday and Saturday evenings in the Albion Hall, dancing from 8:30 to 12. Lynch's orchestra.

VETERANS PRAISE STUTCHBURY FOR EFFICIENT WORK

Secretary of Alberta Branch of Hospitals Commission Warmly Praised.

Warm appreciation for the work being done by Howard Stutchbury, secretary of the Alberta branch of the Military Hospitals Commission, is expressed in Frankness—a breezy semi-monthly publication issued by the disabled soldiers in the Frank military hospital. In its last issue there is an editorial on the subject of the caring for the returned veterans, and in which special reference is made to the military hospitals commission. In this connection an eloquent tribute is paid to the indefatigable efforts of Mr. Stutchbury.

"Tell your troubles to Stutchbury" is a popular phrase among returned soldiers' clubs," states Frankness, "and telling your troubles to Stutchbury invariably means the end of your worries, as he has the happy faculty of getting at the bottom of things and otherwise 'delivering the goods.' In the days to come," concludes the article, "those he has helped and is helping will remember him and the committee he represents with heartfelt gratitude."

A tribute such as this, coming from the returned men themselves, will doubtless be very pleasing to the popular secretary who has labored so hard and continuously to make the Alberta branch of the commission the great success it is.

TENNIS CHAMPION IN NAVY

Los Angeles, Cal., Aug. 9.—Marion E. McLoughlin, winner of the Davis Cup singles matches in 1914 and three times holder of the national singles and doubles championships, has enrolled at the naval training station at San Pedro, California.

MONEY AND MARKETS

BUYERS IN FORCE; SELLERS ARE FEW

All Offerings Quickly Snapped Up On Winnipeg Market.

CASH CLOSES AT \$2.40

After Spell of Dullness Barley Was in Good Demand At \$1.16.

Winnipeg, Aug. 9.—Wheat buyers were again busy in evidence in the cash market today, but sellers were few. All offerings were quickly snapped up around yesterday's quotations. The situation continues very strong. The market is bigger on barley oats but prices remained steady. After a spell of dullness, the barley market became active once more with quite a demand. There were a few small transactions in flax. Offerings are lighter every day. This applies in varying degrees to all grains.

Trading in futures was moderate with prices easier all round. There were transactions in barley around 115. Winnipeg cash wheat closed at 240 for 1 Northern and from 1 to 2c higher than yesterday's close for grades lower than No. 1. No. 2 Northern is now within 1/4c of the 1914 maximum price. October closed 25 1/2c lower.

October oats closed 6 1/2c, 6.8c, lower; December 6 1/2c, 6.8c, lower; October flax closed 32 1/2c, 33c, lower; November 32 1/2c, 33c, lower; December 32 1/2c, 33c, lower; October barley closed 115, 116c, lower; October flax closed 115, 116c, lower; October flax closed 115, 116c, lower.

There was no opening on Winnipeg October wheat up to 10 o'clock. Oats opened unchanged to 1-8c up for October at 6 1/2c to 6 3/4c.

Flax was 1/4c lower for October at 33 1/2c. There is no quotation from the American market in the first half hour of the session.

Two hundred and thirty cars were inspected. Weather over the three prairie provinces is generally fair and clear. There is no rain reported on the weather map this morning. Temperatures are generally cool.

AT CHICAGO. Chicago, Aug. 9.—Without any apparent relation to the sweeping new federal food regulations, when enacted at 22 1/2c, September and in later transactions held steady at 1 1/2c reaction.

The strength shown was attributed to the fact that the government estimate of the probable domestic yield of wheat this season was much lower than what had been generally expected.

Corn, like wheat, advanced as a result of the government estimate being somewhat less favorable than the majority of the dealers had been looking for. After opening 1/4c to 1/2c higher, with December at 11 1/2c to 11 3/4c and May at 11 1/4c to 11 1/2c, the market sagged a little, and then rose higher to close at 11 1/2c.

Unfavorable weather had a bullish effect on oats. Shorts were the principal buyers. Fresh high record quotations on hogs made the provision market firm in the face of realizing sales by holders.

FRIDAY, AUGUST 10, 1917.

The revenue of the Dominion is this year nearly \$275,000,000.

Next year the Minister of Finance hopes he will be able to collect \$300,000,000.

If that figure is reached he expects to be able to pay \$100,000,000 per year from revenue toward the cost of the war.

The revenue for the boom year 1913-14, was \$163,000,000.

It seems therefore to take about as much now to meet the outlay not connected with the war as it did before the war began. There is surely room for "thrift" there.

The powers and duties of the newly created Board of Grain Supervisors were under discussion in Parliament on July 23rd, in connection with the estimates of the Department of Trade and Commerce.

During the discussion the information was extracted from Sir George Foster, after a good deal of effort, that the Government did not know whether the Board had fixed \$2.40 per bushel or any other amount as the maximum price that could be paid for wheat in Canada; that all the relevant powers given the Government under the war measures act, had been handed over to the Board for exercise at their discretion; that the Government did not lay down any policy or indicate any objects for the Board and exercises no control or direction over them; that the Board can seize any or all wheat in storage in Canada at any time, at any price, and do with it what they choose. In substance, the only way the Government can interfere is to cancel the order-in-council or dismiss the Board, and the only way Parliament could interfere is to upset the Government.

Considering the dictatorial powers conferred upon the Board, and the extent of the interests over which they hold authority it seems rather a loose arrangement that the Government did not reserve the right to direct the exercise of those powers so as to protect the interests at stake.

That a party convention should express want of confidence in a Government of the opposing party is not strange, nor is it always significant of anything more than the judgment of critics. The resolution passed at the Liberal convention declaring the present Dominion Government no longer entitled to public confidence is not simply an expression of partisan feeling or of critical bias. It is a judgment based squarely upon the record of the Government's management of public affairs, and concurred in by men of both parties. On its record the Government could not be returned to power. Sir Robert Borden recognized the fact and introduced a fake conscription bill in hope of it carrying him through the elections. His party newspaper friends recognize the fact, are calling upon him to reorganize his Government before he goes to the country, and are trying vociferously to divert public attention from the chronicles of the past three years. That the Government has been consistently and hopelessly incompetent cannot be refuted, even with so much of the evidence as circumlocution and suppression have not been able to keep from the public. Hope of improvement under the leadership of Sir Robert Borden there is little or none, however the Ministry might be reorganized. The Premier who could not control one cabinet could not control another; and the man who could not give

leadership and inspiration to the public during the past three years could not do so in future. The present Government should go; and just because it should go no other Government under the same head is possible if we are to have efficient direction, management and inspiration of the national effort.

Of necessity or choice, mostly of necessity, every Canadian who is not wealthy is a food controller these days.

The Huns have consented to stop sinking hospital ships. Unless they intend to treat the promise as they did the Belgian treaty, they must be beginning to discern the possibility of rehabilitation ahead of them.

The Liberals in convention went on record as opposed to the granting of titles in Canada except for military and naval service. They are strictly in line with public sentiment on that question, as expressed by newspapers on both sides of the political fence.

It is the same group of wealthy and influential gentlemen who fought reciprocity in 1911 in the interests of their own pockets who now declare that Canada must be put under a coalition Government dominated by Sir Clifford Sifton, the man who did most to beat reciprocity.

The mountains and valleys of British Columbia are clothed with the finest shipbuilding timber on earth. At Prince Rupert a two and a half million dollar dry dock and shipbuilding plant has lain idle during the whole course of the war. And the Allied armies and peoples are threatened with hunger for lack of ships to carry food to them. It is time for a change at Ottawa.

If the Provincial Governments can use the school lands funds so as to get more interest from them than is paid by the Dominion why should the Dominion insist on keeping the money? The schools in the newer provinces are entitled to all the assistance that can be got from the use of this money. And there is no apparent reason why the people for whose benefit the fund was created should be forced to lend it to the people of Canada at large for less than it is worth.

The great convention of Liberals in Winnipeg was composed of representative men from all parts and all classes of the four western provinces. Representative not only of the political views which prevail among Liberals, but—as touching the war at least—representative also of the spirit and purpose of the whole Western people. It was emphatically a win-the-war convention; a win-at-any-cost convention. It was dominated by the spirit of militant patriotism which swept the West when the call to arms was sounded, and which drew in voluntary response from these four provinces twenty thousand more men than they were asked to provide. The temper was not that even of a passive willingness to sustain the sacrifices of war unflinchingly to the end; it was a pronouncedly aggressive temper, which demanded that the Government and public at home shall push the fighting as the men at the front are doing, by so organizing and directing our collective resources and energies as to make them count to the limit in aid to our Allies and in blows to the enemy. This spirit of push-the-war was given expression in a series of sweeping resolutions, which supply the basis for a war policy which would gather up every energy of which the country is capable and concentrate them all in a drive for victory. Carried out with intelligence and energy the program laid down at this convention would multiply Canada's contribution to the Allied cause tenfold. That program is the challenge of the Western people to the people of older Canada to "put the country into the war." It is the sufficient rejoinder to parochial politicians and papers who preach in Eastern Canada that the West is dominated by Austro-German sentiment. It is the West's reply to Sir Robert Borden's fear that the people of Canada cannot be trusted to do their duty unless dragooned by the methods of the Prussian autocracy. The part of Canada where conscription has never been needed is not quitting. It is demanding that as a nation we begin to make war as though we meant it.

The Load-Lifter
"My dear, we can't afford to pay \$50 a month rent."
"Of course we can't, my dear. I've thought of that. But there's a lovely garage on the back of the lot, which we can surely rent for \$5 a month, which will help a good deal."

"My dear, we can't afford to pay \$50 a month rent."
"Of course we can't, my dear. I've thought of that. But there's a lovely garage on the back of the lot, which we can surely rent for \$5 a month, which will help a good deal."

Current Comment

CLOSE TO THE TRUTH

From Toronto Globe:
Hon. Frank Oliver's assertion that Canada is more under the control of trusts and combines than any other country in the world is not far from the truth. Even when the existence of a combine in restraint of trade is proved in the courts, no authority will restrain the combine.

CANADA'S GLORY.

From the London Daily Mail:
In all the trials of sufferings of the war it is a source of constant consolation and pride to the people of this country that the States of Great Britain and their soldiers have shown such unflinching determination and valor in the struggle. We well know the bitter sacrifices which Canada has made. The Xpans and Vimy Ridge have been won with her best blood, as with ours. In death, as through all the years of their State's existence, her sons have been at our side and we are grateful to them and to her.

TAXATION IS NEEDED.

From the Southern Alberta branch of the Canadian Patriotic Fund has decided that the voluntary system of raising money will have to be replaced by taxation, if the dependents of the soldiers are to be properly cared for. Why not, in the first place, pay the Canadian soldier a decent wage—say \$5 or \$6 a day—and let him take care of his own wife and family, and relieve that wife and family, from any necessity of looking to a sort of charitable organization in order to get a subsistence? Why should the man in a munition factory get \$7 or \$8 a day for work at home, while the soldier who goes abroad and offers his life for his country receives not more than \$2.00 or \$2.50 per day, even if military pay, separation allowance and Patriotic Fund allowance are all taken into consideration? If the Canadian soldier were treated fairly in the matter of dollars and cents, this country would not now be in the throes of a national crisis due to a compulsory military service act. Our 500,000 men would have been raised long ago.

LEADER HAS LEFT HIM?

"I have been told, and I believe that there are some people in Hamilton who criticize me because I have left my leader. Well, they have not got the thing quite right. My leader has left me (laughter), and I am going to prove it to you. Don't just take my word for it. My leader has left me, and he has left his own better self—Montreal Star report on Clarke's speech at Hamilton.

WISHING FOR REINFORCEMENTS

From the Orange Sentinel:
Another consideration is, that additional men are needed at once. An election would take three months at least. Are we to wait for three months, before adding to our manpower for the reinforcement of our divisions in France? If conscription is to be of any value it must be put into effect without any unnecessary delay. To wait a period of three months, when the demand is so urgent, has the appearance of unreasonableness to the law itself.

Drill Canadians From Across Line At Sarcee Camp

Calgary, Aug. 9.—Colonel J. S. Dennis, of the C.P.R., who has been assisting recruiting of British subjects in the United States, was here today and said that five thousand men had enlisted in two months and that the present average was 500 a week. The British-Canadians recruited in the Western States will drill at the Sarcee Camp here, Colonel Dennis announced.

FOUR FRENCH VESSELS LOST

Paris, August 8.—(Delayed)—The weekly official report of French shipping losses, issued tonight, shows that four vessels of 1600 tons or more were sunk, and two vessels of less than that tonnage.
Six merchantmen were attacked unsuccessfully by German submarines. During the week 948 vessels of all nationalities entered French ports and 934 left such ports.

Over the Top

"Did you ever go over the top?" he said.
"Did you ever go over the top?" he said.
Did you sweep along, an unbroken line, With bayonet gleaming and eyes ashine And a feeling that went to your head like wine, The time you went over the top?"

"Did you ever go over the top?" he said.
"Did you ever go over the top?" he said.
Did the flare-lights shine on a glorious sight, As they stabbed the Stygian blackness of Did you thrill with a feeling of savage delight, The time you went over the top?"

"Did you ever go over the top?" he said.
"Did you ever go over the top?" he said.
Oh, tell me, he said, "how you held up your head, Of the things that you thought and things that you said, The time you went over the top?"

"Oh, yes, I've been over the top," I said.
"You bet I've been over the top." I said.
But the lonesome out there in no man's land, And you miss the crowd and you miss the hand, And your feet take root in the place you stand, The time you go over the top."

"Oh, yes, I've been over the top," I said.
"You bet I've been over the top." I said.
There were yards of wire got attached to my clothes, And how I got out of it I don't only know—A secret I fear He will never disclose Till I'm finally 'over the top."

"Oh, yes, I've been over the top," I said.
"You bet I've been over the top." I said.
The artillery raised a continuous roar,—"They'd been at it, it seemed, for a week or more,— And, mate, I was sweating at every pore, The time I went over the top."

"Oh, yes, I've been over the top," I said.
"You bet I've been over the top." I said.
Had paralyzed action and frozen my bones When a fellow went past me,—I think it was Jones, He was headed back over the top."

"Oh, yes, I've been over the top," I said.
"You bet I've been over the top." I said.
And since Jones had a blighty and wasn't happy, "If they're handing them out," I thought, "me for one too, And blast it I didn't—in fact I got two, The time I went over the top."

—L. McK.

Sanitary Cups and Towels

"What you will eventually use." Always clean—can only be used once. No danger of germ breeding. Cheaper than glasses or laundry bills. Ask for particulars.

ANSWERS

This department does not pretend to be infallible. It will endeavor, however, to answer questions sent to it by readers of The Bulletin to the best of its ability, reserving the right to ignore all that are trifling or of concern only to the questioner. To receive attention, every inquiry must bear the name and address of the questioner. This information is not wanted for publication, but as an evidence of good faith.

Beethoven Parly Belgian.

To the Bulletin: I have had an argument over the origin of Beethoven. Was he a Hun? J. L. The great composer who was supposed to be of pure German origin had Belgian blood in his veins. This was emphasized many times and places shortly after the beginning of the war.

The German Puck.

To the Bulletin: In reading a "learned" article on Germany I ran across the expression "the Puck of German folklore," but no indication was given as to what or whom this is or was. Can "Answers" tell me?

H. McD. F.

Till Eulenspiegel (Owl-Glass) is the Puck of German Folklore.

The Iron Duke's Phrase.

To the Bulletin: Who originated the phrase "Circumstances over which I have no control"? This expression is accredited to The Duke of Wellington.

Prediction of War.

To the Bulletin: Is it not a fact that this war was predicted by a British novelist of the Nineteenth Century?

In "The Whirlpool" by George Gissing, there is a prediction of a "great war" and also England's part in it.

A "Protean Artist."

To the Bulletin: In conversation just recently I was surprised to hear the expression "Protean Artist." I thought at first it was coined on the spot; is there such an expression? (Miss) J. E. B.

A "Protean Artist."

A "protean artist" is a stage performer who assumes various disguises during one "act." The origin of the expression is in Homer, Proteus being mentioned as a creature able to assume many shapes of animals.

With The Humorists

In 1950

Tramp (pleading for a handout)—Yes, madam, I have been begging for a living ever since my father's profession was abolished.

Woman (holding a dog in leash)—What did he do?

Tramp (weeping bitterly)—He used to be a kaiser.—Everybody's.

A Nucleus

"How's the young man, my dear?"

Show any signs of being a good provider?"

"Well, auntie, he's got a collection of silver golf cups to start housekeeping with."—Philadelphia Bulletin.

Arrested Development

Ripp—I have several mental pictures for a good photograph.

Rapp—I bet that you will never get them developed.—Film Fun.

Chummiest

"Opportunity calls once at every man's door."

"Hard luck is a whole lot more sociable."—Pittsburg Post.

It's Revenge

A painful scene was being staged with Johnny, his father and a slipper in the principal roles. Father gave voice to the ancient platitude, "This hurts me, Johnny, far more than it does you," he said.

Johnny gritted his teeth. "Then," he yelled, "keep it up—I can stand it!"

SIX CANADIANS ARE MADE C.M.G.

London, Aug. 9.—The following six Canadians have been created Companions of the Order of St. Michael and St. George: Lieut.-Col. James Arthur Heskeith (Strathcona Horse); Major-General Sydney Chilton Mewburn, Major-General Ernest William Wilson, Brig.-General Thomas Hemmings, Col. Charles Stephen McInnes, and Col. David William MacPherson.

HUN HOPES WE WILL COLLAPSE

Paris, Aug. 9.—Germany's newest institution, La Liberté's correspondent says, is a moral or psychological bureau with headquarters in Berlin and agencies in all neutral countries. The object of the bureau and the duty of the agents is to catalogue continuously the precise psychological status of each of Germany's enemy. Each agent working in a neutral adjoining an entente country must record and forward all available information bearing on the morale of the entente country and show its fluctuations. The correspondent adds that Germany's hopes are concentrated not on the success of the submarine warfare, but on the probable moral collapse of the entente countries.

Or write, J. MADILL, D.P.A., Edmonton, Alberta.

The Question
"This question just now is—
"What?"
"Shall I go into the cellar voluntarily and fix the furnace fire, or shall I wait until the misus drafts me for the service?"
"How long are you in for?" asked the new convict.
"Six months," was the reply.
"I see. Just doing your little bit, eh?"

SEDGEWICK'S ANNUAL FAIR WAS

RECORD EVENT IN HISTORY OF

LOCAL AGRICULTURAL SOCIETY

Decided Success in Every Way—In Quality and Number of

Exhibits as Well as in Attendance—Exhibition Sur-

passed All Its Predecessors—Quality of All

Exhibits Excellent, Particularly Live Stock.

Bulletin Staff Correspondent.

Sedgewick, Aug. 8.—The ninth an-
 nual fair and exhibition of the Sedgewick
 Agricultural Society was held on
 Tuesday and was a most decided suc-
 cess in every way. In the quality and
 number of the exhibits as well as in
 the attendance it surpassed all pre-
 vious fairs held in the district.
 The quality of all the exhibits was
 excellent. This was particularly true
 of the horses and cattle which made
 very fine displays. The grain was also
 of excellent quality. The standing
 grain competition was increased by
 twenty entries over last year.
 The training proof of the increased in-
 terest that is taken in the fair
 throughout the entire Sedgewick dis-
 trict. The officers and members of
 the society held nothing, undone to
 make the 1917 exhibition a record
 one and their efforts were crowned
 with success. To Chas. Ball, president,
 and Mr. E. J. LeVieche, secretary,
 untiring efforts to make the exhibition
 the success that it has proved.
 The fair was a most enjoyable program-
 me of races, sports and games was
 also provided and was highly appreciated
 by the crowds who thronged the fair
 grounds.
 The judges were:
 Horses—A. R. Galbraith.
 Cattle—John Wilson, Wilmeton.
 Swine—John Wilson.
 Poultry and Eggs—G. Brown and
 F. T. King.
 Preserved Fruits, etc.—Mrs. McKee.
 Fish—H. W. Scott.
 Roots and Vegetables—H. W. Scott
 and G. Brown.
 Ladies work—Mrs. Bessie Walms-
 ley.
 School Work—A. E. Marshall.

Drive Alexander Out

PITTSBURG, Aug. 9.—Pittsburg knocked Alexander out of the box and won from Philadelphia today, 5 to 1. Jacobs was hit hard in the fifth and sixth innings but poor base running kept Philadelphia from scoring. Alexander allowed two singles, a double and a triple in the first inning, on which two runs were scored. In the third two hits and an error with a pass brought in three more runs. Lavender went in and stopped the scoring.

Saved From Shut-Out

ST. LOUIS, Aug. 9.—Meadows wakened in the tenth today and New York scored three runs, on four singles, a base on balls and a force out, winning from St. Louis, 4 to 1. New York got its other run on Robertson's error and a single by Holke in the second. St. Louis was saved from a shut-out in the second, when Pauls tripled and scored on an infield out.

Wild Throw Did It

CHICAGO, Aug. 9.—Deals' wild throw the plate in the eighth permitted two champions to score and Brooklyn won the second game of the series from Chicago today, 5 to 3. The locals earned all their runs off Smith. Two of these scores came in the seventh, when Williams hit, following Doyle's single, hit the top of the right field wall and bounded over for a homer. Doulat pitched a good game, but his support was bad.

Boston-Cincinnati game postponed;

rain.

Washington Held to Four

WASHINGTON, Aug. 9.—Bens and Danforth held Washington to four hits today and Chicago won, 3 to 2.

Davenport Pitched Fine

PHILADELPHIA, Aug. 9.—Davenport pitched in fine style today and St. Louis defeated Philadelphia, 3 to 0. The visitors made their runs in the opening inning by good hitting, after which St. Louis and Johnson blanked them.

Yankees Beaten

NEW YORK, Aug. 9.—Cleveland defeated New York today, 5 to 2, in ten innings. Cleveland bunched hits and obtained a run in the fourth and another in the sixth. Hendrix made a home run in the eighth and New York tied the score in the ninth. Cleveland hit Culpoff hard in the tenth.

Detroit at Boston, postponed, rain.

Adventures of Uncle Wiggily

Uncle Wiggily and the Rake.

Copyright, 1917, by McClure Newspaper Syndicate.

"Well, it certainly looks very much better," said Uncle Wiggily, the bunny rabbit, to Nurse Jane Fuzzy Wuzzy one morning, when the tailor bird, with its sharp bill, had cut the grass in front of the hollow stump bungalow.

"Yes, indeed! Much better," agreed the muskrat lady housekeeper.

"The cut grass ought to be raked up, though," spoke the tailor bird. "I can't do that part, though, as my sharp bill I can slice off the green blades."

"Oh, I'll rake the grass, thank you," spoke the bunny uncle. "I'm much obliged to you."

Then, while the tailor bird flew away to sew a button on the coat pocket of Dr. Possum, so he wouldn't lose all his money, Uncle Wiggily got the rake and began to gather up the cut grass.

He had only raked a little while, though, when he struck the rake against a stone, and it being a wooden rake, something snapped and broke.

"There! Now you have gone and done it!" exclaimed the rake, which could speak garden talk that Uncle Wiggily understood.

"What have I done?" asked the rabbit.

"You have broken off one of my teeth," went on the rake. "Now you'll have to let me go to the dentist's to have it fixed."

Uncle Wiggily pulled from the grass the rake he had been using and looked at it.

Surely enough, one of the wooden teeth was broken off, and you know, as well as I do, a rake with a missing tooth or two looks as queer as a boy with red hair does when one of his front teeth is gone.

"This is quite too bad," sadly said Uncle Wiggily. "I didn't mean to do it, and I'll take you to the dentist's myself."

So, getting out his automobile with the bologna sausage tires on, which went faster when you sprinkled them with pepper, off started the bunny rabbit with the rake.

"Ah, that tooth is badly broken," said the monkey gentleman, who was

a dentist for the animal folk and garden tools. "It will take some time to put in a new one."

"Then can't I finish raking up the grass on my lawn today?" asked Mr. Longears.

"I'm afraid not," answered the monkey. "You can't use this rake, anyhow."

"Then I must get another," exclaimed Mr. Longears.

But when he went to the one and two-cent store for another rake, there was none. All their rakes had been sold, and it was the same at the three and four-cent store and at the ten and eleven. Not a rake was to be had in Woodland, where Uncle Wiggily lived.

"Well, I must do something," said the bunny rabbit gentleman. "I can't let the cut grass stay on my lawn until the rake grows a new tooth. What shall I do?"

Just then the bunny heard a grillery-growlery noise behind a big stump. At first he was frightened, especially when he saw a big shaggy bear peering out at him.

"Oh, Uncle Wiggily!" cried the bear. "Will you please help me! My tail is caught in a crack in this log, down on which I sat to rest myself, and I can't reach it to get it loose. Please help me!"

"Of course I will!" cried Uncle Wiggily in his most jolly voice. Then he caught in the crack in the log and Mr. Stubtail could get his tail out.

"Thank you, Uncle Wiggily," said the bear gentleman. "But why do you look so sad?"

"The rabbit gentleman told about having to take his rake to a dentist's to get its tooth fixed, and having no rake to gather the cut grass off the lawn."

"Oh, ho!" laughed Mr. Stubtail. "Make your mind easy about that. With my long claws I'll rake your grass for you."

And so the bear gentleman did, his claws being long and curved just like the teeth of some rakes. So the grass was gathered from Uncle Wiggily's lawn, and it looked very nice in front of the hollow stump bungalow. And the next day the rake's tooth was mended as good as new.

And if your gold fish doesn't get caught in the tennis net and make a racket like a canary bird I'll tell you next about Uncle Wiggily and the fried egg.

RUTH JONESON.

Chipman, August 2.

Busy in Garden

Dear Uncle Tom—I have been a long time since I have written to your club. It is raining now; it has rained for about half an hour and it still looks like it will rain all night. This rain will do the crops good. Our grain is fine. Our wheat kernels are getting ripe and big and the oats and barley, and the fall flax are just like a great cloud of blue flowers. We have big potatoes from this year. We can use them already. They are my brother's, Russell, and the potatoes that papa planted are medium size.

Chipman, August 2.

Address: July 30.

P.S.—Will some one please send me the words of "Good Luck to the Boys of the Allies."
